

**KHA Research –
Medical and Scientific Kidney Research Grant Application Form
2018 Funding Round**

Before completing this application form please refer to the Guide for Applicants for this funding category, available [here](#). **The submission deadline is Monday 11 June 2018. Late or incomplete applications will not be accepted.**

Principal Investigator

Title FirstName Surname

Institution where the work will be conducted

Institution State

Other

Administering Institution As above

Institution State

Other

Project

Scientific Title of Project

Lay Title of Project

Start Date

Total Funding Requested

Key Words

Provide five Key Words that best describe the proposed project. Please do **not** include Kidney Disease.

1.

4.

2.

5.

3.

Lay summary

Provide a summary of your project using lay English terms that are understood by the general public. This summary is used to inform people with kidney disease and their families and friends, as well as supporters and sponsors of your work so please ensure that the language is accessible to a reader who does not have a background in scientific research (100 word limit).

Scientific Summary (250 word limit).

For researchers outside of the kidney disease research field: This section relates only to the Principal Investigator. Please explain how this proposal applies to and may yield outcomes in relation to kidney disease (200 word limit).

Knowledge Translation Plan (250 word limit).

Matching Funding Information

KHA Research Medical and Scientific Research Grants require matching funding. Please identify other funding sources and funding amount for the proposed research project.

Funding Agency

Approvals

When relevant approvals are available at the time of application, copies should be forwarded to KHA. If approvals will be sought after the grant is awarded, all relevant approvals must be forwarded to KHA within one year of the commencement of the award.

1. Does this application involve research on humans, animals, biosafety/genetics or carcinogenic/toxic chemicals? If yes please answer all of the questions below. Yes No

2. Does this application involve research on humans? Yes No

If Yes, do you have final approval from your Human Research Ethics Committee? Yes No

If Yes, please attach a copy of the approval to PCFA's Research Office.

If No, please explain below. (50 word limit)

3. Does this application involve research on animals? Yes No

If Yes, do you have final approval from your Animal Experimentation Ethics Committee? Yes No

If Yes, please forward a copy of the approval to PCFA's Research Office.

If No, please explain below. (50 word limit)

4. Does this application involve research with genetically modified organisms? Yes No

If Yes, do you have final approval from the relevant Biosafety Committee? Yes No

If Yes, please forward a copy of the approval to PCFA's Research Office.

If No, please explain below. (50 word limit)

5. Does this application involve research using toxic/carcinogenic chemicals? Yes No

If Yes, do you have final approval from the relevant Biosafety Committee? Yes No

If Yes, please forward a copy of the approval to PCFA's Research Office.

If No, please explain below. (50 word limit)
